OHR CHADASH CAMPAIGN FAQ Volume #3

1. What role does the Board have in the Ohr Chadash Campaign?

- The Board acts as a full partner with the Core Committee. All contracts, major expenditures, and plans are voted on by the Board. Any impactful decisions such as changes in use of space or placement of significant artifacts are also voted on by the Board.

2. When is construction slated to begin and how long will it take?

- Bearing in mind that schedules change, currently we are estimating that construction will begin by spring 2025 and last approximately 10-12 months.

3. Will the renovated spaces create more opportunities for revenue generation?

- With an efficient, modern kitchen and a beautiful, bright social hall, we should be able to attract many more rentals both from our own congregation and the community at large. Additionally, the renovated, attractive, flexible-use Community Room (Multipurpose Room) will also be of interest to groups for renting.

Please contact the Core Committee with comments or questions at ohrchadash@tbipomona.org.
